Greenbelt Committee meets the 2nd and 4th Thursday of every month at 9:00 am at the Clubhouse. Applications must be received by **12:00 Noon on the Wednesday** before the week of the meeting in order to be on the agenda.

Greenbelt Maintenance Instructions

1. The Greenbelt Committee must approve any Maintenance Permit in advance of any work being performed. The Committee meets regularly twice monthly at a date, time and place to be publicized as duly authorized. The Committee will act on an Applicant's request at the first meeting after the request is submitted if the request is submitted by 12:00 Noon on the preceding Wednesday. A site inspection may be made. It is preferred that the Applicant be available at the meeting date to discuss the request.

2. Greenbelt maintenance may include the following:
 - a. Removal of any trees less than 4 inches in diameter.

 - b. Skirting of all remaining trees up to the height that can be reached safely from the ground, but no more than 25% of the trees green foliage may be removed.

 - c. Cleanup of all downed limbs and trees.

 - d. Clearing of blackberries and other noxious weeds, unless on a slope area where soil erosion is a concern.

 - e. Mowing ~ If the greenbelt contains open grassy spaces. Brush cutting and/or mowing is may be done as needed to prevent fire hazards and the encroachment of undesirable weeds and plants onto the neighbor's properties. Cutting should be done as needed to maintain grasses at a height of one foot or shorter.

 - f. Replanting ~ Low maintenance trees, shrubs and/or grasses may be used for replanting, and such replanting requires the approval of the Greenbelt Committee.
