

Shelter Bay Office Hours: Monday—Friday, 8 a.m.—5 p.m. | Closed on Monday, September 1

New Coquille Park Clubhouse Grand Opening

The big day has arrived! Our new clubhouse has officially received its certificate of occupancy and will be ready for enjoyment by our community as soon as the board finalizes usage rules.

Brief History

The upper pool was permanently closed in 2019 when it became too costly to repair and maintain. (The rebuilding that would have been necessary to meet codes would have exceeded one million dollars.)

In early 2023, then-board member Louise Kari asked Peter Volum to explore alternative uses for the site. A task force was formed, which, after conducting a survey and reviewing many options, recommended:

- Converting the former tennis court into four pickleball courts.
- Upgrading the half-basketball court.
- Repurposing the old pool house into a second, smaller clubhouse with volunteer help instead of demolishing it.

The first two suggestions were immediately approved and implemented. Volunteers from the pickleball groups and other members of the community performed much of the work.

Ric Henderson prepared the plans for the pool house conversion and secured bids. Construction began upon approval by the board.

A True Community Effort

The project was overseen by Alan Dietz, who assumed the role of project foreman and primary worker with the invaluable help of many other volunteers, including:

Bernadette Bishop, Scott Caddow, Ron Coleman, Adrienne Dienst, Mary Dietz, Dick Dorton, Cathy Echert, Monte Hicks, Neil Hill, Jack Jensen, Janel Nelson, Rick Parnell, Christine Suter, Cathie Trogdon, Tom and Kat Ulrich, Peter Volum, and Rick and Debi Yeabsley. (If we've inadvertently missed anyone, please accept our apologies—your efforts are deeply appreciated.)

This project represents the very best of Shelter Bay: Neighbors coming together to build something lasting for the whole community.

Join the Celebration

The Social and Recreation Committee invites you to the Grand Opening Happy Hour on **Sunday, September 28th, from 3:00–4:30 p.m.** at the new Coquille Park Clubhouse.

We look forward to celebrating with you!

By: Peter Volum

Martha's Beach Hours

Community Town Hall

The Community Town Hall will be held
Sunday, September 21, at 7 p.m.

Send questions to board@shelterbay.net.

Watch for website reminders.

Community Manager's Message

Pool – The pool was well-used this summer and we hope you all had a great time. We will soon be shutting down for the season. While it could potentially be kept open longer, it is cost-prohibitive due to the amount of propane needed to keep it heated. We did learn a few things this summer; we will be making a few changes to umbrellas and a few other things once we get into spring to ensure we are ready to go for the next swimming season. There are still a few items left to be done surrounding the pool area, including the clubhouse stairs and the wheelchair access ramp. All of these will be completed sometime soon.

Playground — As reported in prior months, due to a change in the size of the wetland buffer, we've had to put together a new plan that will allow us to install the new equipment in a part of the playground that sits outside the enlarged buffer. We have drawn up plans and hope to submit those to the permitting department sometime soon. We will share updates as they are available.

Marina – Occupancy continues to be high, coming in at 94% for June and 93% for July. This allows for strong financial performance. Derek and Steve continue to tackle various jobs related to the ramps and docks. They also do work around the harbor master shed and bathroom area. Improving the median area in the marina parking lot is on their planning list. All these things continue to add curb appeal to the entire marina operation.

Maintenance Department – Now that the department is fully staffed, we expect to get various items completed at a much quicker pace. As previously reported, we have two staff members who will be taking their sewer certification test very soon. Assuming one or both pass, we will then be able to eliminate the company that we currently use in lieu of having the required second certified individual on staff. The team stays busy working on various issues throughout the community. The work on the drive-by water meters is going well. Approximately 70% of the tops are now installed and ready to be used for drive-by reading instead of manual reading. The other 30% will be completed very soon. The installation of full meters will begin soon after.

Roads/Pavement— Several paving projects have taken place over the last couple of months. These included a large section of Klamath Drive, a portion of upper Shelter Bay Drive, areas by the Shelter Bay entrance and the RV lot, and a few other roads and other smaller areas. Please note that asphalt projects will be undertaken as needed, and we have secured the necessary capital funding. We encourage you to report any road issues to the office, so we can review and address them. We still plan to sweep the roads and repaint the lines. That task was delayed a bit due to some challenges with the line striper. We plan on completing this in September. The work on the potholes on the outbound side of the main entrance is still in the works and should be completed very soon.

Coquille Park Building - The remodel of the building at Coquille Park has been completed, with just a few minor details left to be taken care of. Again, huge thanks to the volunteers who gave so much of their time to complete this project. The area surrounding the building was hydroseeded, and the grass has sprouted. The Garden Club did some great landscaping work in the front of the building, giving it a much more finished and inviting look.

Volunteers – As always, we recognize all the time and effort that Shelter Bay volunteers put in on committees, on projects such as the Coquille Park building, and on various other things. Our sincere thanks for all you do. The Shelter Bay community is fortunate to have so many folks who are dedicated to making Shelter Bay a wonderful place to live. If you are interested in being part of this, please reach out to the Committee Secretary, Renata McCauley, at 360-466-3805, Ext. 8, or via email at rmccauley@shelterbay.net

As always, my sincere thanks to all our diligent Shelter Bay staff members.

Bill Palmer

Garden Club News

Even in that August heat, the Garden Club is still at it. Two new bed areas were created this month, and more weeding and trimming ensued to keep things gorgeous!

August 4: The new garden beds were created near the clubhouse. Thanks, Ellen, Janel, and Linda.

August 8: The fence line was tidied up. Thanks, Linda, Jana, Janel, Berit, Ellen, David, and Mary.

August 19 & 20: The Coquille Park Garden was cleared and planted. Thanks, Jana, Ellen, and Linda.

Fall gardening might be the best-kept secret in the vegetable world. The weeds are slowing down, the air is cooler, and most bugs have packed up for the season. And yet, your soil is still warm, which means perfect conditions for sowing seeds. Just make sure you are picking frost-hardy veggies!

Kati Lucas

Board President's Message

The dog days of August are almost gone, and September is almost here. Having such a great summer just makes Shelter Bay a fabulous place to live.

Lots of home improvement projects are ongoing in the community. Members are taking pride in their homes, and the community is looking great. I would like to remind everybody to apply for a Certificate of Compliance for your project or

projects. There are fines for not getting an approved C of C to complete your projects. These fines are scheduled to be enforced by the ACC committee starting on January 1st.

Paving is done weekly, and street striping will proceed as work advances.

The last item I would like to address this month is the code of conduct for members of Shelter Bay.

1.2 Member Conduct:

a. Members, tenants, and guests shall use courtesy and respect in their interactions with others. Members shall not engage in any abusive or harassing behavior, either verbal or physical, or in any form of intimidation or aggression directed at other members, residents, guests, committee members, or the Shelter Bay board of directors or employees. Verbal abuse or physical harassment is unacceptable behavior.

b. It is the responsibility of each owner to ensure that they themselves and their tenants and guests comply with Shelter Bay's conduct policy. Failure to comply may result in a fine recommendation to the Rules Committee.

Please be mindful of the rules and ensure that you treat your neighbors, volunteers, and staff members with courtesy and respect.

Until next time.

Shelter Bay Response Summary

| | |
|-------------------------------------|-----------|
| Rescue & Emergency Medical Services | 10 |
| Service Calls | 3 |
| Good Intent Call | 2 |
| Total Responses | 15 |

Fire District 13 News

As a longtime resident, I want to share why I am supporting the upcoming levy lid lift for Skagit Fire District 13 in November. Over the years, I've seen firsthand how important our fire district's services are—not only during emergencies, but also in the day-to-day support they provide to our community.

When a medical emergency happens, minutes matter. Thanks to Fire District 13's commitment to 24-hour, 7-day-a-week staffing, help is always available. Here in Shelter Bay, we benefit from fast response times. For those of us who are older or have neighbors and family members with health concerns, that speed can truly mean the difference between life and death.

I also want to highlight the Good Morning 13 program, which checks in on residents who live alone or may need a little extra reassurance each day. This service provides a lifeline for many of our seniors, making sure that if something goes wrong, help will be on the way. That kind of care and attention is rare, and it's something worth protecting.

Like everything else, the fire district is affected by inflation. Costs for fuel, medical supplies, protective gear, and training have all gone up significantly in recent years. What used to be covered by the old levy no longer stretches as far. Our fire district has never increased the levy lid before, and, without this adjustment, Fire District 13 risks falling behind. That would affect response times, staffing, and the equipment our firefighters and EMTs rely on to keep us safe.

I know that none of us like paying more taxes, but I also know that when it comes to health, safety, and peace of mind, this is a worthy investment. Supporting Fire District 13 means supporting our neighbors, our families, and ourselves.

This November, I encourage all Shelter Bay residents to support the levy lid lift. Let's make sure the people who look after us have the tools they need.

Ted Taylor, Shelter Bay Concerned Resident

Rainbow Bridge Lighting Update—September 2025

Rainbow Bridge is the most significant feature of the visual character of the Town and Shelter Bay community. For those of us who are privileged to live here, the lighted Bridge signifies "Home." The Shelter Bay "Light Brigade" has been formed to fund the permitting, installation, and maintenance of lights on the south side of the Bridge in partnership with the Town of La Conner.

Next Steps

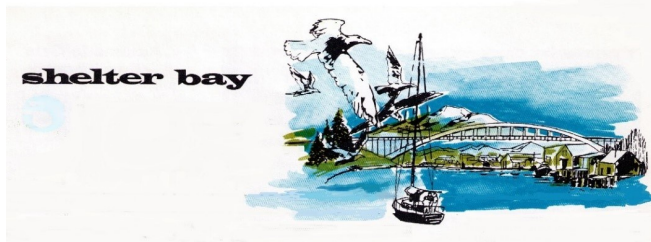

We will be asking the Board for preliminary approval for a survey to evaluate the support for the project. While many are very interested in a low level of lighting for the bridge, there is also a desire for dark skies in Shelter Bay. In addition, the lighting project will require a maintenance commitment from the Community, which must be voted on by the Board. Once the survey results have been tabulated, I will present the findings to the Shelter Bay Board for discussion of the maintenance cost and "dark sky" issues, to obtain community approval for the project.

Updates will appear in the Shelter Bay Newsletter. Additional information is available at:

<https://shelterbay.net/rainbow-bridge-lighting/>

By: Ken Olsen

Dock Notes

September in the Pacific Northwest: the secret season for savvy boaters! Escape the peak summer crowds and discover the joy of cruising with predictable breezes and ample sunshine. The mild temperatures and clearer skies make it an ideal month to embark on those unforgettable voyages, particularly among the scenic San Juan Islands.

Long-Term Parking: We kindly request the cooperation of all marina tenants regarding our parking policy. If your vessel will be away for longer than 72 hours, including those moored at F-J docks, please park in the long-term parking area, located in the center of the main marina parking lot. This helps us ensure sufficient space for tenants with shorter absences. To avoid congestion and maintain accessibility, please do not park near the Annex Building (Library). The Annex is used for a meeting place and offices, and its parking spots shouldn't be used for long-term marina parking.

Marina Parking Lot Garden Beds: Beginning in early October, our team will be clearing the garden beds in the center of the parking lot. This project involves leveling the beds and removing tree stumps that are currently buried beneath the beauty bark, ensuring a smoother and more visually appealing space.

2026 Registration Audit is Done: To ensure compliance with marina rules and regulations, all vessel owners must display current vessel registration. If your vessel's registration is not yet displayed, a reminder call will be made to facilitate compliance. Please note that failure to display the current registration can result in fines and penalties.

Non-compliance fines start at \$100: Fines are assessed to tenants who have not provided the office with current Washington State registration documents or are not displaying 2026 registration decals on their boat. Failure to provide current insurance or display Emergency Contact cards may also result in a fine.

Shelter Bay Yacht Club Emergency Flare Demonstration: Enhance your boating safety knowledge! Shelter Bay residents, marina tenants, and yacht club members are encouraged to attend a critical emergency flare demonstration on Saturday, September 27, at 6:00 p.m. at Martha's Beach.

Shelter Bay Yacht Club End of Season Cruise to Sucia Island:

Wednesday, September 10, 1:00 p.m. until Friday, September 12, 11:00 a.m.

"We wish you a memorable and enjoyable season of fall boating!"

Your Marina Team: Kendra Emerson, Derek Woods, and Steve Shipley

Shelter Bay Happenings

Annual Bike MS Event, Saturday, September 6, 7:30 a.m. - 5 p.m.

FYI, for planning your driving. All 5 Bike MS Deception Pass Classic 2025 routes pass through La Conner and up Reservation Road, with a Swinomish Village rest stop. There will be bikers riding in both directions all day.

Shelter Bay Women's Monthly Breakfast

It's a wonderful time meeting and connecting with fellow neighbors, and also enjoying a delicious breakfast! Each month, we have first-timers! We'd love to have more!

Please feel free to bring a dish to share, if you'd like (but not required).

Coffee, tea, cocoa, paper supplies, and utensils provided.

When: Second Tuesday of each month (**September 9**)

Time: 9-10:30 a.m.

Where: Shelter Bay Clubhouse

Sponsored by the Shelter Bay Social & Recreation Committee

Shelter Bay Men's Fireside Gathering

at Rainbow Park (end of Chinook Place)

Enjoy an evening of meeting other men in your community!

Thursday, September 4 at 4 p.m.

Light snacks provided. BYOB and a lawn chair.

Sponsored by the Shelter Bay Social & Recreation Committee

Show Up & Show Off!

Shelter Bay Happy Hour Car Show

Join your neighbors for a fun evening of seeing our community members' fun and interesting cars!

Bring an appetizer to share and your favorite beverages!

Sunday, September 14, 5:30-7 p.m.

at our Community BBQ Pavilion and in the marina parking lot.

Sponsored by Shelter Bay Social & Recreation Committee

Shelter Bay Chorus

Shelter Bay Chorus is always looking for new members.

Please join us if you love music and even if you only sing in the shower! All voices, men and women, are welcome! The fall rehearsals are always lots of fun, getting ready for the holiday concerts in December.

Rehearsals start **Thursday, September 11 from 4:30-6:30 p.m.**

Come join the fun!

Questions? Call Joan 360-941-7507

Car Tour and Show

The Shelter Bay Sports Car Club will host a Tour and Car Show in conjunction with the Shelter Bay Social and Recreation Committee on **September 14**.

Shelter Bay members with collectible and special interest cars are invited to a Tour of Lake Samish and Chuckanut Drive. **We will meet at the clubhouse at 2:45 and depart at 3:00.** We will be back at the clubhouse at 5:00 to set up for the Car Show. Our friends and neighbors will arrive around 5:30 to enjoy the cars, some food, and beverages. As of August 18, we have 17+ cars entered. Let's get more cars out on the road and visible. I know there is a Porsche 914 and a TR6 hiding somewhere, and I saw a delightful VW Bug convertible tootle past my house last week.

It will be fun to get everyone together.

Please RSVP to ken@olsenassociates.net to reserve your place. There are no fees.

Breaking News...

Music on the Green has been rescheduled!

Due to inclement weather, our August music event was cancelled.

BroHamM is now coming on **September 27, 4-6 p.m.**

Great live music and dancing!

At the BBQ pavilion next to the clubhouse.

Bring your delicious items to the BBQ, a dish to share, your favorite beverages, and a chair!

Charcoal for BBQ, plates, and utensils provided.

Sponsored by Shelter Bay Social & Recreation Committee

Safety Committee Traffic and Crowd Management Course

Imagine evacuating 900+ homes in Shelter Bay and Eagle's Nest during an emergency event. Now, imagine being able to help during this event. The Shelter Bay Safety Committee is sponsoring a free class for residents and staff to learn the skills to effectively manage traffic and crowds.

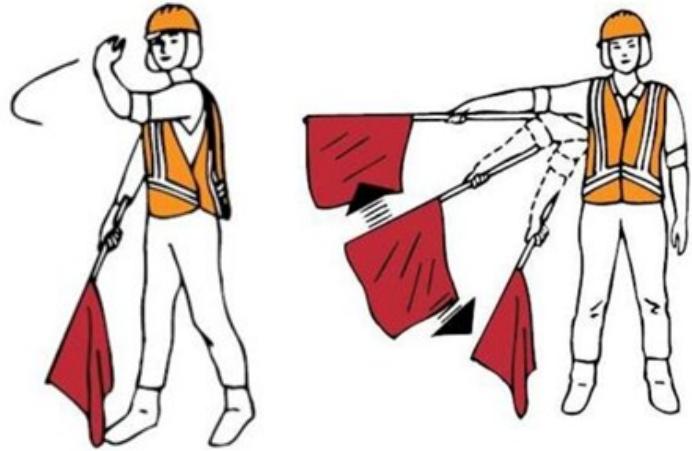

Course: Traffic and Crowd Management

Date: Saturday, September 13, 2025

Time: 9 a.m. – 1 p.m.

Location: Shelter Bay Clubhouse

Trainer: Rick Wallace, Certified Instructor

In this approximately four-hour module, participants will learn:

1. How CERT Basic Training skills relate to crowd and traffic management.
2. Effective communication strategies to direct traffic and crowds.
3. Crowd management skills and how to put together a basic crowd management plan.
4. Using traffic control devices to safely manage traffic in various situations, and how to put together a basic traffic management plan.

Click here for questions and to register for this class:

<https://shelterbay.net/cert-training-opportunity-traffic-crowd-mgmt/>

Grand Opening at Coquille Park Happy Hour

Join your community in celebrating the long-anticipated BIG opening of the fabulous facilities at Coquille Park!

Sunday, September 28, from 3 to 4:30 p.m.

Please bring your fun appetizers to share and your favorite beverage.

Sponsored by Shelter Bay Social & Recreation Committee

Communiversity – The Magnificent Pacific Ocean: 2 Continents – 25,000+ Islands – 1,200+ Languages

When: Tuesdays, September 23 and September 30, 2025

Where: Clubhouse (In-person only)

Time: 6:30-8:30 p.m.

Course Instructor: Don Newby, Shelter Bay Community

The Pacific Ocean is crucial for the United States due to its trade routes, valuable natural resources, environmental significance, geopolitical influences, cultural ties, diverse ecosystems, and defense facilities.

A two-evening presentation will give attendees a past and present introduction to this vast body of water, its climate, geography, cultures, economy, people, and more, including:

- The White Shark Café – The Spacecraft Cemetery
- Fiber Optic Cables – Space Surveillance
- The Ticking Ecological Time Bombs
- Marine Life of the Deep – Nuclear Testing

This is a free class open to Swinomish tribal members and residents of Shelter Bay. Registration is required so we can provide adequate refreshments. You can register online at the community website under Resources/Communiversity, or you can [click here for a registration link](#).

Pickleball Tournament a Great Success

Last month's pickleball tournament at Coquille Park was a tremendous success. The courts were full, adrenaline was flowing, and everyone had a great time. Players were assigned partners at random for each of five games, and the four highest-scoring individuals played one final match. Christine Suter and Mark Zwahl were the winners. Victoria Obe and Ron Coleman came in second. The tournament was sponsored by Shelter Bay's Social & Recreation Committee and organized by Debi Yeabsley and Cathy Echert. Margaret Lavender handled scorekeeping. We are all looking forward to the next one.

Swinomish News

Most of us are not aware of the many ways the Swinomish Department of Environmental Protection (DEP) works daily at restoring and protecting the land and water we have chosen to live on and benefit from. On the DEP's webpage, <https://www.swinomish-nsn.gov/natural-resources/page/department-environmental-protection>, we are invited to learn of their many projects and services, including ongoing research projects and monitoring of our air and water quality.

One example of community engagement is their Environmental Learning Series of workshops, which will culminate this year in a forum on **September 10, 11 a.m.-2 p.m. at the Washington Walton Event Center, Swinomish Casino**, and includes an opportunity to learn about the Shoreline Sensitive Areas update.

The Swinomish Coast Salish People have lived here for millennia, and we support and are grateful for their continuing stewardship of this beautiful area for present and future generations.
