

Shelter Bay Office Hours: Monday—Friday, 8 a.m.—5 p.m. | Closed Monday, February 16

Heart Health Spotlight

Hello. I am Leslie Levenberg, born in NYC where I began studying dance from the early age of kindergarten. After living abroad for 40 years (engaged in full-time humanitarian work), I returned to the US. I have taught dance, exercise, and aqua workouts for most of my teen and adult life. Since moving to Shelter Bay, I have had the privilege of teaching exercise/dance/aqua classes to the residents, and feel deeply that I am helping, in a small way, to keep my peers healthy, active, and moving...as well as having fun and exercising to great music!

It's no secret...

Move those muscles. The brain shrinks with age, typically starting in a person's 30s, and exercise is one of the few ways to counteract that loss. Getting your heart rate up can cause a cascade of molecular changes in your brain, which help to build new connections between neurons and repair damaged cells.

So, if you haven't joined us yet.... you can start now. 🏃‍♀️ 🧘‍♀️ 🕺 🍊

Martha's Beach Hours

October 1—March 31

The beach gate hours are 8 a.m.—7 p.m.

Community Town Hall

The Community Town Hall will be held **Sunday, February 22, at 7 p.m.** at the Shelter Bay Clubhouse. Send questions to board@shelterbay.net

Budget Development Meetings

Our fiscal year starts on July 1. Now is the time of the year to start developing the budget for Fiscal Year 26-27. The Operating Budget (including Water, Sewer, Lease, and Marina) and then the Capital Improvement Projects Budget is drafted by the Community Manager. The Community Manager will provide the draft budget to the Finance Committee and the Board of Directors by Monday, March 2. In the following weeks, there are three budget development meetings scheduled to review and revise the draft as needed.

March 10 – 12 p.m. – 1:30 p.m. – Operations-Water-Sewer-Marina-Lease

March 17 – 1 p.m. – 2:30 p.m. – Capital Projects

March 24 – 1 p.m. – 2:30 p.m. – Final Review

These meetings will be held in the Clubhouse & via Zoom, and are open to all members of the Community. There will be a Town Hall meeting on April 8 for final Community review and input.

We would appreciate any input you wish to share. If you cannot attend these meetings, you can email the Community Manager Bill Palmer at bpalmer@shelterbay.net, and put "Budget Suggestion" in the subject line. Notices for all budget meetings and the Town Hall meeting will be sent via the electronic communications system, posted on the front gate reader board, and on the website calendar.

Community Manager's Message

Greetings from your Community Manager. I hope 2026 is starting off great for everyone.

We are working diligently on the migration to a new Property Management system and hope to be up and running on the new eUnify system as we move into the month of February. This could change based on when all items are completed in the new system. We plan on running both our current system and the new eUnify system simultaneously for at least one month to ensure everything is synched up. Once we are confident that everything is running smoothly, we will cut over completely and deactivate the current Caliber system. We will provide updates to community members as we begin to make this migration.

I am pleased to announce that we recently hired a part-time staff member to assist with all the ongoing tasks that are overseen by our Architectural Compliance Committee (ACC). Please join me in welcoming Mark Sniffen to our staff. Please see the article by Mike Shannon, ACC chair, for additional details on Mark's background and how he will help streamline the process while ensuring all Shelter Bay guidelines are followed.

Some of you may be wondering what was going on in the pool the third week of January. Part of the original plan was to have a stripe of tile installed on the floor of the pool between the deep and shallow sides. That was not completed during construction, and the pool contractor came back and took care of that. The pool will be refilled before the end of January.

The Maintenance team continues to install drive-by water meter tops, and that portion of the project is 85% complete. They will turn their attention to full meter replacements once the remaining tops are completed. We anticipate starting on the full meter installs in the next month or so dependent upon weather. The use of drive-by meter reads on those that are completed is already saving a lot of time that can be used in other areas. The team has also been doing inspections and some flushing of the water system to identify any items that need to be addressed. This will allow them to schedule any necessary work when we are into warmer weather. We anticipate performing additional flushing of the system sometime this spring.

As always, a big thanks to all the volunteers that work on all the Shelter Bay committees, and on other areas such as the gardens in and around the clubhouse, Annex, Coquille Park, and main entrance.

Bill Palmer

Did You Know?

Help with Shelter Bay's Covenants

New Architectural Compliance Officer

Please join me in welcoming Mark Sniffen to our Shelter Bay staff as our new Architectural Compliance Officer. We are glad to have him!

Mark comes to us with years of experience from his previous positions in Whatcom County, Skagit County, and Mount Vernon as a building official, building inspector, and code enforcement officer. He is taking on the role of Architectural Compliance Officer and will work together with the

Architectural Compliance Committee in reviewing and approving applications for Certificates of Compliance (CoCs), as well as performing routine in-process and final inspections for matters before the committee.

With this change, Shelter Bay residents will now have a resource to assist them in applying for CoCs for items such as new construction, minor and major remodels, roofing, decking, fencing, site work, lighting, exterior painting, propane tanks and heat pumps, among others. If contemplating work on the exterior of your home, Mark can help with planning your project, providing guidance on CoCs and permitting requirements for compliance with the Swinomish Building Codes.

Mark will be working part-time, Monday through Wednesday, and can be reached by phone at (360) 466-3805 Ext. 5 or msniffen@shelterbay.net. Our Committee Secretary, Renata McCauley, will continue to be the primary contact for submitting CoCs, and for all matters requiring action by the Architectural Compliance Committee 5 days a week.

Our current HOA Compliance Officer, Riley Reynolds, has assumed the duties of the Green Committee. Please continue to interface with Riley for Lot and Green related issues.

Mike Shannon, Board Member and Chair, Architectural Compliance Committee

Filing for Board Member Candidacy • May 16, 2026 – Annual Membership Meeting/Election

Board Member Candidacy Deadline:

Three (3) three-year positions on the Board of Directors will be elected at the Annual Membership Meeting/Election to be held on May 16, 2026. VP Rick Parnell, Treasurer Lois Watson, and Rod Proctor currently hold the expiring terms.

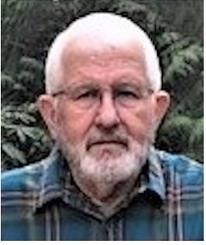

Members wishing to file should complete the Board Candidate Application Form which is available on the website at www.shelterbay.net under Governance > Board of Directors, or by visiting or calling the Office to request one. Anyone wishing to become a Board candidate must be a member in good standing in the Community.

Board candidate applications must be submitted to the Shelter Bay office no later than **5:00 p.m. on Monday, March 23, 2026.**

All eligible members that are interested are encouraged to file. If you would like more information regarding the commitment and rewards of a board position, please email Board@shelterbay.net and someone will reach out.

Wendy Poulton, Board Secretary

Board President's Message

I hope that this finds you relaxing after the hustle and bustle of the holidays and the infamous aftereffect of putting all the holiday decorations away. On behalf of our Compliance Officer, I want to thank everyone for adhering to the January holiday light rules and getting those down in that first week of January.

BUDGET PROCESS: Now that it is February, the Board approved the upcoming budget development schedule for the budget work sessions in March (see NL article for dates and times), the Budget Town Hall in April, and the Meet the Candidates Town Hall at the end of April. That said, we are still seeking candidates to run for office. The deadline is March 23 at 5 p.m. to get your application to the office. If you or anyone you know is interested or has any questions about a board position, please reach out and let us know using our board@shelterbay.net email.

The board has approved moving forward with Task Two of the Lally Contract, which initiates the next phase of work to evaluate shoreline erosion along the channel at Rainbow Park and identify effective strategies to mitigate further loss.

This effort represents an important step forward in a long-standing process to develop a durable, broadly supported plan to stabilize the shoreline. Task Two focuses on collecting site-specific data needed to quantify the hydrodynamic forces acting on the shoreline, including the effects of boat traffic, wave action, wind, and water levels. Understanding the magnitude and relative contribution of these forces is essential to accurately identify the causes of erosion.

This data collection phase is expected to take approximately one year and is necessary to properly design, size, and justify an appropriate erosion control solution, rather than relying on assumptions or generalized approaches. The information gathered will be used to evaluate potential mitigation measures and ensure that any recommended solution is both effective and defensible.

Ongoing updates will be provided in the Project Manager's reports included in the board packets each month.

Lastly, be sure to attend a Town Hall the Sunday after each board meeting. This provides residents with the ability to have questions answered by directors in real time. If you send questions ahead of time via the email above, it will provide the opportunity to make certain we are prepared with the most updated information. (Note: emails are not accessed after business hours, weekends, or holidays).

Monte Hicks, President, Shelter Bay Board of Directors

Dock Notes

As we sail into February 2026, the quiet of the off-season offers the perfect opportunity to prepare for the brighter, busier months ahead. While the air may still be crisp, spring is just around the corner, making now the ideal time for maintenance and planning.

Looking for a Fun February Adventure?

Check out the 2026 Seattle Boat Show, January 30 to February 7, at the Lumen Field Event Center and Bell Harbor Marina.

- **Focus on Education:** A major feature is the extensive lineup of over 140 free seminars (106 boating and 38 fishing), along with advanced classes through "Boat Show University."
- **"Boat Show After Dark":** This new evening experience, held on the two Friday nights of the show (January 30 and February 6), features live music, specialty drink stations, and a more social atmosphere.
- **Boats and Exhibitors:** The event, the largest recreational boating show on the West Coast, features hundreds of boats and over 280 exhibitors across two locations: the Lumen Field Event Center and Bell Harbor Marina.

Shore Power Cords: Connections may have loosened at the dock pedestals and at boatside receptacles during recent weather events. Loose connections create resistance which generates heat. Another way resistance occurs between cord and receptacle is through corrosion. Even a bit of saltwater spray on the end of a prong can build up enough corrosion over the winter to create resistance. In the past month we've seen this cause arcing, resulting in burnt receptacles and tripped breakers. If this occurs at the boat end of the cord, it can cause a fire aboard. **Check And Clean Your Cord Ends!**

Water has Been Shut off to All Docks: With overnight freezing temperatures at the end of January, marina staff shut off the dock water to prevent damage to water lines. With freezing temps in our area, it's a good idea to come down and check to make sure your heaters are on and working properly to avoid any damage to your vessel.

Wishing you the best in the new year and safe adventures out afloat or ashore - Derek, Steve, and Kendra

Harbor Shed hours: Mon-Fri 9 a.m. to 5 p.m. **Harbormaster:** (360) 333-2952

Board of Directors Action Items

shelter bay community, inc.™

Regular Board Meeting—January 21, 2026

- 1) Approved Facilities Committee request for Allocation of Capital Funds to Lally Consulting in the amount of \$225,000 to move forward with Task 2 of the Bank Stabilization Project at Rainbow Park.
- 2) Amended Resolution 24-02 for the Allocation of FY21-22 Retained Earnings/Net Income to correct Section 1 Reserve Fund Balance for Operation Reserves to remain at \$530,072 as no changes were approved to the fund. This was simply a correction of a scrivener's error.
- 3) Approved Manager's Allocation of Funds request to carry over the FY25 Budget remaining funds for Capital Project Meter Reads of \$98,056 and to approve the request for an additional \$36,944 from FY26 Capital Unallocated Funds to complete the project.
- 4) Approved the FY25 Operational Cost Variance Request from Manager Palmer to allow payroll surplus of \$102,206.47 to offset unfavorable variances in the Operating Cost Center leaving a Net Income of \$6,133.
- 5) Approved the FY 2026-2027 Budget Development and May 16, 2026, Election Calendar.
- 6) Accepted the Annual Audit and Consolidated Financial Statements for FYE June 30, 2023, as proposed by accounting firm Williams & Nulle, PLLC.
- 7) Adopted Resolution 26-01 Amending Rules & Regulations Part II, Chapter 20, Committees to incorporate WA State RCW 64.90.445 for meetings and other miscellaneous updates.
- 8) Adopted Resolution 26-02 Amending Rules & Regulations Part II, Chapter 30, Board of Directors to incorporate WA State RCW 64.90.445 for meetings.
- 9) Adopted Resolution 26-03 Allocating certain undesignated Operating Retained Earnings/Net Income to the Operating Reserve Fund.
- 10) Approved Communications Committee Request to Appoint Susan Duffin as Webmaster.
- 11) Approved Social & Rec Committee Request to Sponsor Mahjong Club's weekly use of Coquille Park Building.
- 12) Approved Harbor Committee Request to increase marina slip rates for FY26-27 by 4% for non-residents and to leave Resident rates at the FY26 rate.
- 13) Accepted Legal Counsel's recommendation regarding pending litigation.
- 14) Appointed Kevin Jackman to the Safety Committee.
- 15) Appointed a Subcommittee to review current staffing job descriptions to analyze personnel needs and review internal controls per the recommendations of the audit.
- 16) Approved offering current Controller a 90-day Contract for up to 60 hours for Consultation purposes at a rate set by the Board.

Safety Seasonal Considerations

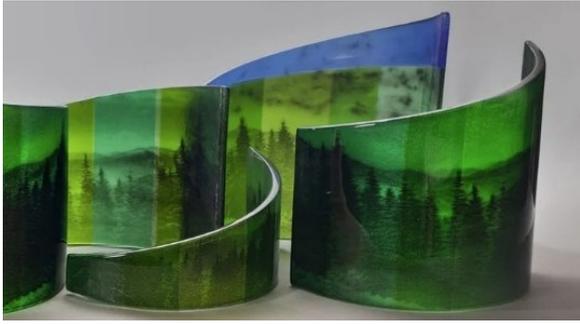

Low Sun: That's not a recipe for Chinese noodles! We've enjoyed some beautiful, clear days but there were unexpected hazards. I had no choice two days ago when I came home from Mt Vernon at 3:30 p.m. on Highway 20. The sun was dead ahead, about a foot above the hood, and nearly blinding in heavy traffic. As a retired person with less time constraints, I usually plan my errands in Mt Vernon or Burlington for late morning when the sun is high, to allow myself to return home to Shelter Bay before the sun is low. It is a consideration for those precious clear winter days.

Clear Nights: Clear nights maximize heat radiation from ground to sky. Our early morning sun rises over a landscape which may or not be visibly frosted, but probably has patches of black ice. Be alert to possible slippery spots, whether you are out for a morning walk, or driving. Hiking poles are invaluable for keeping you upright on treacherous ground.

Tips for black ice: <https://safetylineoneworker.com/blog/black-ice-winter-safety>

Ted Taylor, Safety Committee

Community: Creating Magic with Glass and Light

When: **Tuesday, February 24, 6:30 p.m.**

Where: Shelter Bay Community Clubhouse, in person only

When Light Shines Through Glass, Something Absolutely Magical Happens...

A reflection of optimism and hope. These are the words of Steve Klein, an internationally known glass artist and educator, and fellow Shelter Bay resident. Join us for a Community presentation by Steve who will speak about glass art and artists in our region, and the [Pilchuck Glass School](#).

While visiting a friend in Washington state, he serendipitously discovered a brochure about Pilchuck Glass School. Intrigued, he applied for a class and was surprised when he was accepted. He enjoyed the freedom of the art

community and left with a dream to be a glass blower.

He found he really loved the process of fusing, as it was a slower process than blowing glass, which gave him a sense of “the whole world opening up” to him in his work. He has said of his work in his studio, “Every day, something new happens....and I love it.”

Please register online at the community website under Resources/Community, or at <https://forms.gle/7s68iq9UXXcWEn2u8>

CPR/First Aid/AED Class

February is American Heart Month; in recognition of this, our Shelter Bay Safety Committee is sponsoring a CPR/First Aid/AED class on February 28 in the clubhouse.

Do you need to certify or re-certify your CPR skills for work or your Emergency Worker Card? Are you a Shelter Bay or Swinomish community member who wants CPR/First Aid/AED training to help your family members? This class is perfect for you.

The class will be led by Fire District 13 Chief Wood Weiss and is open to all Shelter Bay Community/Eagle’s Nest members and Swinomish Indian Tribal Community members.

To register, contact Carolyn Caporgno, Safety Committee Vice Chairperson and CERT Advisory Team Chairperson, at carolyncaporgno@gmail.com. Students must be at least 12-13 years old (based on body strength). Additional information will be provided following sign-up.

\$30/person

Registration closes Wednesday, February 25, at 5 p.m. Additional information will be provided following sign-up.

Saturday, February 28, 9 a.m. – 1 p.m.

Shelter Bay Clubhouse, 1000 Shoshone Drive

Instructors: Chief Wood Weiss, Fire District 13, and others if needed

Community Events in Shelter Bay

Special Galentine Women's Breakfast

In honor of *Valentine's Day*, we will be celebrating all our Shelter Bay ladies on **Saturday, February 14 at 9 a.m.** This will take the place of our usual second Tuesday breakfast. We will return to this regular Tuesday event in March. Our special Saturday date was designed to include those who have been unable to attend our traditional weekday breakfasts.

Coffee hour begins at **8:45 a.m.**
The buffet line opens at **9:15 a.m.**

We also enjoy any dish you wish to share, but this is not required.

Save the Dates for upcoming events at our clubhouse

Shelter Bay Artists Show, **Saturday, March 7**
St. Patrick's Day Festivities, **Sunday, March 15**
Chili Cook Off, **Sunday, March 29**

Shelter Bay Exercise Classes

Note: All fitness levels & experience are welcome to join any or all classes. Classes are 45 minutes long.

Varied Workouts - 7:30 a.m. and repeated at 9:30 a.m., MWF, led by Leslie
Classes provide strength training, cardio, and stretching, whether using body weight, dumbbells, resistance bands, or other equipment...and they're fun!

Chair Workouts - 10:20 a.m., Monday & Friday, led by Leslie
Chair-based workouts can help build and maintain strength, flexibility, and endurance. Chairs provide a stable base from which to exercise, and can alleviate pressure on achy knees or wobbly ankles.

Floor Workouts - 10:20 a.m., Wednesday, led by Leslie
The low-impact nature of floor exercises makes them suitable for individuals with joint concerns or those seeking a gentle yet effective workout.

Qigong 11:15 a.m., Wednesday, led by Kat
Suitable for all fitness levels, chair or standing. A gentle, yet powerful modality for improving balance, promoting feelings of wellness and harmony. Includes stretching, breath and core development.

Shelter Bay Book Club

Meets at 1 p.m., the first Monday of each month. Book selections are listed on Shelter Bay website: Resources > Clubs & Groups. All Shelter Bay residents are invited to join us. Please contact Elaine Hicks at elainecpta@hotmail.com for more information.

Monday, February 2 at 1 p.m.

By: Marlo Morgan

Shelter Bay Mahjong Club

Mahjong Club, meets every Thursday, 2 - 4 p.m. in the Coquille Park Building.

Shelter Bay brought attendee enthusiasm to this club's revival.

Garden Club News

Winter is often a quiet time for garden areas, but the Garden Club team took advantage of the recent dry days to remove the lovely clubhouse Christmas lights and weed the area's beds. The extra rain and warmer weather jump-started local weed growth.

Thanks to Kim, David, Donna, Janel, Diane, Linda, Kati, and Matt for pulling and organizing all those holiday lights, so they are ready for our enjoyment again next year; and to Kim, Linda, David, and Mary for the numerous hours spent the week of January 13-17 doing the first weeding of 2026.

Tip: With this warmer and wetter weather, bulbs will think it is time to sprout early. Keep your eye on those early risers; if we get a big cold spell, cover with mulch to save their developing buds.

Kati Lucas

Area Happenings

Arlington Eagle Festival, **February 5-7**. With winter comes the return of the eagle to the Stillaguamish River. To celebrate these special winter residents, Arlington hosts an annual Eagle Festival. Visit the website to see when and where the various activities will be held. Some of the activities include a guided walk, eagle viewing, nature art, and chainsaw carving.
